Re Bridgeton Landfill, LLC – Facility ID 189-0312, Permit Number OP2010-063
Response to February 27, 2013 Performance Test Extension Request

Dear Mr Almanza,

On March 25, 2013 The Saint Louis County (SLC) Air Pollution Control Program (APCP) received a request from Weaver Boos Consultants, on behalf of Bridgeton Landfill, LLC, to extend the performance test deadline for the Bridgeton Landfill Callidus enclosed flare (SLC APCP Operating Permit #7735) until October 1, 2013

As stated in the request dated February 27, 2013 from Weaver Boos Consultants, it is very likely that the Callidus enclosed flare will be used temporarily Bridgeton Landfill, LLC intends to permit and begin operation of two utility flares which are needed to effectively combust poor quality landfill gas Bridgeton Landfill, LLC intends to replace the two existing enclosed flares (SLC Operating Permits #5924 and #7735) with two utility flares Bridgeton Landfill, LLC believes that performance testing for the Callidus enclosed flare required by 40 CFR Part 60 Subpart WWW §60 752(b)(2)(iii)(B), 40 CFR Part 60 Subpart A §60 8, and Saint Louis County Operating Permit #7735 Special Condition 2 A is unnecessary due to the flares temporary use Bridgeton Landfill, LLC intends to cease operation of the Callidus enclosed flare within one year of start-up Start-up of the Callidus enclosed flare occurred on October 3, 2012

The Saint Louis County Department of Health Air Pollution Control Program approves the February 27, 2013 Performance Test Extension Request for the Bridgeton Landfill Callidus enclosed flare (#7735) until October 1, 2013 If the Callidus enclosed flare continues to operate past October 1, 2013 and performance testing of the flare has not occurred, a Notice of Violation may be issued to Bridgeton Landfill, LLC for failure to perform emissions testing as required by 40 CFR Part 60 Subpart WWW §60 752(b)(2)(iii)(B), 40 CFR Part 60

Subpart A §60 8, and/or Saint Louis County Operating Permit #7735 Special Condition 2 A

If you have any additional questions or concerns regarding this matter, you should contact Kathrina Donegan at (314) 615-8936 or Jeremy Rogus at (314) 615-0926

Sincerely,

Kathrina M Donegan, MBA
